R. THOMAS GAGLARDI

OWNER AND GOVERNOR

R. Thomas (Tom) Gaglardi is the owner and governor of the Dallas Stars Hockey Club and the president of Northland Properties Corporation, the largest family-owned hospitality company in Canada with its head offices located in Vancouver, B.C. He was officially introduced as the sixth owner in franchise history on Nov. 21, 2011.

Since acquiring the club, Gaglardi has revitalized hockey in the Dallas-Fort Worth Metroplex, overhauling the team's front office by hiring veteran administrator Jim Lites to serve as president and installing one of the most respected hockey minds in Jim Nill as general manager. He also spearheaded the overhaul of the team's logo and uniform, forging a new identity for the club to fit his vision. Under his watch, industry insiders have consistently identified the Stars as a team "on the rise" for both the business and hockey operations side of the organization. During the 2014-15 season, Gaglardi purchased the Texas Stars of the American Hockey League (AHL) and acquired the operating rights to H-E-B Center at Cedar Park in Cedar Park, Texas. The move reinforced his commitment to sustaining and growing the sport of hockey in the state of Texas and creating a seamless organizational process to develop and train NHL-caliber players, coaches and front office staff.

A passionate and knowledgeable leader who is deeply involved in all aspects of the family's business, Gaglardi began his career in the hospitality industry at age 13 as a busboy and has worked in virtually every area of his business since that time. He spent considerable time in construction, hotel and restaurant operations, real estate development and finance. At age 23, he was promoted to president of the Sandman Hotel Group, and at 26 he became president of Northland Properties Corporation, the Gaglardi family's umbrella company.

Under his direction, Northland has grown to be the largest family-owned hospitality company in Canada including a large portfolio of hotels with the Sandman Hotel Group and the Sutton Place Hotels & Resorts, several restaurant chains including Denny's Restaurants of Canada, Moxie's Grill & Bar, Chop Steakhouse & Bar and Shark Club Bar & Grill. In 2009, Gaglardi began expanding his brand of hospitality to the United Kingdom and more recently began operating in the United States, with the first Moxie's Grill & Bar opening in Dallas in November 2016, and the first Sandman Hotel opening in Plano in February 2019. The family also owns and operates a large real estate portfolio and the world-renowned Revelstoke Mountain Resort. In addition to his role with the Stars, Gaglardi is a co-owner of the Kamloops Blazers Hockey Club of the Western Hockey League and serves as its governor.

An active member of the community, Gaglardi founded the Sandman Harvest Foundation, which has raised over $1 million for disadvantaged and medically challenged children living in the Okanagan Valley of British Columbia. He also serves as trustee for the PA and JM Gaglardi Senior Citizens Society, a non-profit society providing housing for seniors in Kamloops, B. C. and serves on the board of St. George's School in Vancouver. He founded the Josh Dyck Foundation to assist Josh with his recovery from an auto accident in October 2006, which left him paralyzed and confined to a wheelchair.

Gaglardi and his wife Brittney have three sons, Charlie, Bennett and Wilson, all of whom play competitive hockey. In addition to his own participation on his hockey team, Gaglardi enjoys playing golf and spending time with his family at their cottage on the shores of Kamloops Lake near Savona, B.C.

BRAD ALBERTS

PRESIDENT/CHIEF EXECUTIVE OFFICER

Brad Alberts is in his second tenure with the Dallas Stars and currently serves as President and Chief Executive Officer after rejoining the team in February 2011.

Additionally, he acts as President and Alternate Governor of the Texas Stars, Dallas' development affiliate in the American Hockey League, roles in which he has served in since July 1, 2017.

Alberts serves alongside Stars Chairman Jim Lites on the American Airlines Center Board of Directors, assisting in the management of one of the busiest arenas in the United States.

Alberts, who was named team President on March 2, 2018 and took on the role of Chief Executive Officer on July 10, 2020, oversees all aspects of the Stars business operations. Previously leading all sales and marketing, he's also in charge of all aspects of the organization's finance and administration, box office, human resources and information technology, as well as the communications department, which has won two Dick Dillman Awards as the NHL's Western Conference top public relations staff under his leadership.

Alberts' career includes nearly two decades of professional sports experience selling tickets, suites, premium seating and sponsorships. From 1996-2009, Alberts worked for the Dallas Stars and Texas Rangers in various sales management roles in tickets, suites and corporate sponsorships. From 2006-09, Alberts served as the Executive Vice President of the Hicks Sports Marketing Group, the in-house sponsorship sales group for the Stars, Texas Rangers and Liverpool Football Club. In 2009, Alberts took over as the Vice President of Sponsorship and Sales at Legends/CSL, overseeing events at numerous venues around the country, most notably the Circuit of The Americas, a Formula One racing track in Austin, Texas.

Since rejoining the team in 2011, Alberts has played an integral role in the resurgence of the Stars in the Dallas-Fort Worth Metroplex, helping lead the organization to tremendous growth in brand visibility, attendance and sponsorship sales. Alberts and his leadership team were instrumental in the sweeping rebrand of the team, retiring the numbers of Mike Modano, Jere Lehtinen and Sergei Zubov and creating tremendous sponsorship value for the team and its partners. Under his leadership and direction, the organization hosted the 2020 Winter Classic at Cotton Bowl Stadium against the Nashville Predators. The event sold out within hours of tickets going on sale and was hailed as one of the most successful NHL events of all time, becoming the second-highest attended game in league history with a capacity crowd of 85,630.

Alberts received his bachelor's degree from Ripon College in 1992 where he was a four-year lettermen and co-captain of the basketball team, earning an induction into the Ripon College Athletic Hall of Fame in 2002. He received a master's degree in sports administration from University of Northern Colorado in 1995. Alberts is an avid golfer and fitness enthusiast. Alberts serves as a member of the American Cancer Society CEO Board, the Dallas Sports Commission Board and is actively involved in other non-profit causes in the Metroplex.

He resides in Dallas with his wife Kate and their daughter Grace.

JAMES R. LITES

CHAIRMAN, DALLAS STARS

Dallas Stars owner Tom Gaglardi appointed Jim Lites President and CEO of the Stars on Nov. 18, 2011. Lites is very familiar with the position having held it twice previously under prior owners Norm Green and Tom Hicks.

Shifting his role to serve as the team's Chairman and Managing Director of Northland Properties Corporation, U.S. Division in July 2020, Lites boasts a reputation as one the finest administrators in professional sports. He continues to work with Mr. Gaglardi on the day-to-day business activities of the Stars, while overseeing the hockey operations department and continuing to chair the Dallas Stars Ownership Advisory Group. Lites also maintains his role as the organization's alternate governor, a role he held from 1982-2007. Over the years, Lites has served on the Board's marketing, broadcasting, expansion and game committees.

Over the course of Lites' two prior stints with the Stars (1993-02; 2003-07), the team won seven division championships, two Western Conference championships, two Presidents' Trophies and the 1999 Stanley Cup. He played an active role in the conception, design, construction and on-going business operations of American Airlines Center and Children's Health StarCenter ice facilities. Most recently, Lites played a significant role in hiring General Manager Jim Nill, purchasing the Texas Stars of the American Hockey League (AHL) and the operating lease of H-E-B Center at Cedar Park in Cedar Park, Texas.

From 1999-02, Lites also served as president of the MLB's Texas Rangers, becoming one of only four executives at the time to simultaneously manage the affairs of two major league franchises. He served three years on the MLB's Executive Council and was president when the Rangers captured the 1999 American League West championship.

Prior to joining the Stars in 1993, Lites served 11 years as chief operating officer of the Detroit Red Wings, who, during his stint, won three Norris Division championships and two Norris Division Playoff championships after having missed the playoffs in 10 of the 11 seasons before his hiring. During his tenure, the Red Wings were named by Financial World magazine as the most valuable franchise in the NHL in 1990, 1991, 1992 and 1993. Lites was also instrumental in the defection of former Soviet stars Sergei Fedorov, Vyacheslav Kozlov and Vladimir Konstantinov, each of whom played important parts of the Red Wings' record-setting and Stanley Cup champion hockey clubs.

While with Detroit, Lites also served as chief operating officer of Olympia Arenas, Inc., one of the Midwest's largest facility management companies. He was also responsible for the redevelopment of Detroit's historic Fox Theatre, now the most successful entertainment venue of its type in the United States and the cornerstone of Detroit's growing northside sports, entertainment and gaming complexes.

From 2007 until being rehired by the Stars in 2011, Lites managed the New York Giants' Personal Seat License program at MetLife Stadium in East Rutherford, New Jersey - a program that was one of the most successful of its type in history.

Born and raised in Pentwater, Michigan, Lites received a Bachelor of Arts degree with highest honors from the University of Michigan in 1975 and graduated cum laude from Wayne State (Mich.) University Law School in 1978. He specialized in litigation and labor contract negotiations when he practiced law. Lites and his wife Kim reside in Frisco, Texas. They have four children: sons Chase, Sam and Chandler, and daughter, Brooke.

JIM NILL

GENERAL MANAGER/ALTERNATE GOVERNOR

Nill, 65, is in his 11th season with the Stars, having served as the team's 11th general manager and sixth GM since moving to Dallas. During Nill's tenure, the Stars have amassed a record of 403-280-98 and have made the Stanley Cup Playoffs in six seasons (2013-14, 2015-16, 2018-19, 2019-20, 2021-22 and 2022-23), including two trips to the Western Conference Final (2020, 2023) and an appearance in the Stanley Cup Final (2020). The longest serving general manager in franchise history, Nill became the first GM in team history to win the Jim Gregory General Manager of the Year Award following the conclusion of the 2022-23 campaign, which recognizes the work of the top general manager in the NHL.

Last season, the Stars posted 108 points in the regular season with a record of 47-21-14, their highest point total since 2015-16. In the Stanley Cup Playoffs, the team advanced to the Western Conference Final for the second time in the past four seasons (2020). Nill began the 2022-23 campaign by bringing in new Head Coach Pete DeBoer, who became the second coach in NHL history to reach the Conference Finals with four different franchises during the Stars' 2023 postseason run. Prior to the start of the season, Nill extended the contracts of forward Jason Robertson and goaltender Jake Oettinger -- both of whom went on to post career-best seasons -- and acquired defenseman Nils Lundkvist via trade. Nill also signed forward Roope Hintz, the Stars' leading scorer in the 2023 postseason, to an eight-year contract extension in November before acquiring forwards Evgenii Dadonov and Max Domi ahead of the trade deadline, bolstering the team as it headed into the Stanley Cup Playoffs.

Since joining the Stars, Nill has dramatically re-shaped the team's culture and roster with a series of trades and acquisitions. He began to make his mark on the club with key acquisitions of centers Tyler Seguin and Jason Spezza and three-time Stanley Cup champion Patrick Sharp. After leading the team to regular-season Central Division and Western Conference championships in 2015-16, Nill was named a finalist for GM of the Year, marking his first career nomination. He'd continue to add more pieces over the next few seasons, including trading for goaltender Ben Bishop and signing right wing Alexander Radulov, goaltender Anton Khudobin and center Joe Pavelski, leading to a highlight season for the Stars in 2019-20. Following the NHL's pause due to the COVID-19 pandemic, the team traveled to the Edmonton bubble and advanced to the Stanley Cup Final for the first time since the 2000-01 season and the fifth time in franchise history, ultimately losing in six games to the Tampa Bay Lightning. Nill's accomplishments and roster building during the 2019-20 campaign was recognized, as he was named a finalist for GM of the Year for the second time in his career. He has also used the NHL Draft to build the core for both the team's present and future, selecting standout players such as Hintz (2015), Miro Heiskanen (2017), Oettinger (2017), Robertson (2017), Ty Dellandrea (2018), Thomas Harley (2019) and Wyatt Johnston (2021).

A native of Hanna, Alberta, Nill joined the Red Wings' front office in the summer of 1994 following three seasons with the Ottawa Senators. Previously, Nill enjoyed a nine-season NHL career as a right wing with the Boston Bruins, Vancouver Canucks, St. Louis Blues, Winnipeg Jets and Red Wings. He collected 58 goals, 87 assists and 854 penalty minutes in 524 regular-season games. Nill later went to Adirondack as a player/coach, retiring as a player after the 1990-91 season. A member of the 1979-80 Canadian National and Olympic teams, he was originally selected by St. Louis in the fifth round (89th overall) of the 1978 NHL Draft.

Jim and his wife, Rebecca, reside in Frisco, Texas, and have three children: Jenna, Trevor and Kristin, and three grandchildren: Cael, Hazel and Lincoln.

SCOTT WHITE

ASSISTANT GENERAL MANAGER/TEXAS STARS GM

Scott White is in his ninth season as assistant general manager, while he also serves as the GM for the Texas Stars, Dallas' development affiliate in the American Hockey League. The only GM in Texas Stars history, White was the architect behind the 2015 Calder Cup-winning club that set a franchise record with 48 wins, claiming the Macgregor Kilpatrick Trophy as the AHL's regular-season points champion. He also manufactured the team's second John D. Chick Trophy win (West Division champions) in 2018 as Texas again reached the Calder Cup Final. White was selected by Hockey Canada to serve as a member of the management group for Canada's National Men's Team at the 2014 Deutschland Cup and 2014 Spengler Cup. A member of the Stars organization since 2005, White, 55, previously served as a pro scout and director of minor league operations. He headed up the hockey department for the Iowa Stars, Dallas' then-primary affiliate, for three seasons. Prior to joining the Stars, he served as head coach of the Columbia Inferno of the ECHL for four seasons, qualifying for a playoff berth each year. He also guided Columbia to a Kelly Cup Final appearance in 2003 and finished with a 165-87-36 record with the Inferno. White also worked as an assistant coach with the ECHL's Greensboro Monarchs for a season and a half. In college, White played for Michigan Tech University from 1985-89 and was an assistant coach from 1995-99. He was inducted into the Michigan Tech Sports Hall of Fame in 2016.

White played five years of pro hockey from 1989-94, including three seasons with Greensboro, where he won the 1990 ECHL Championship and earned ECHL Defenseman of the Year and First-Team All-ECHL honors for the 1991-92 season. He signed with the Ottawa Senators in 1992 and played the entire season with the club's AHL affiliate in New Haven, capturing team MVP honors with 54 points (10-44—54) in 80 games.

White and his wife, Kathy, have four children: Emily, Katie, William, Madelyn and three grandkids: Remi, Corbin and Cooper.

MARK JANKO

ASSISTANT GENERAL MANAGER

Mark Janko is in his 24th season with the Dallas Stars and his eighth as assistant general manager. Janko has spent the past 15 seasons in hockey operations after previously working in the Stars' public relations department for eight years.

In his current role, Janko is primarily responsible for player and staff contract negotiations and has played an integral role in the construction and framing of the contracts for several of the team's core players including Jamie Benn, Miro Heiskanen, Roope Hintz, Esa Lindell, Jake Oettinger, Jason Robertson and Tyler Seguin. Additionally, Janko oversees all preseason and regular-season scheduling, Collective Bargaining Agreement compliance, cap and budget management, salary arbitration, strategic planning and works closely with Dallas' scouting staff, with an emphasis on the professional level. Along with Jim Nill, he created and now oversees both an analytics department and mental health division and serves as the team's liaison for all player transactions with NHL's Central Registry.

Janko, 47, joined the Stars in 1999 after serving in the media relations department for the Mighty Ducks of Anaheim during the 1998-99 season. A native of Mission Viejo, California, Janko graduated from the University of California at Santa Barbara with a degree in communications in 1998. He and his wife, Jessica, their daughters, Reese and Hayden, and son, Carson, reside in Highland Village, Texas.

RICH PEVERLEY

DIRECTOR OF PLAYER PERSONNEL

Rich Peverley is in his ninth season with the Stars and his third as director of player personnel. In his current role, Peverley works alongside the club's hockey operations management team of general manager Jim Nill, assistant general manager and Texas Stars GM Scott White and assistant general manager Mark Janko, assisting in the decision-making process with regards to player personnel and the team's makeup. Peverley is also heavily involved in professional and amateur scouting, as well as player development.

Peverley, 41, played nine seasons in the National Hockey League, spending time with Nashville, Atlanta, Boston and Dallas. He finished his career having tallied 241 points (84-157—241), including 20 game-winning goals, in 442 regular-season contests. A member of the 2011 Stanley Cup champion Boston Bruins, Peverley accumulated 21 points (9-12—21) in 59 postseason contests with two trips to the Stanley Cup Final, both with Boston. Prior to breaking into the NHL, Peverley went undrafted after playing four seasons of college hockey with St. Lawrence (ECAC). Peverley skated in 138 games for the Saints, registering 117 points (44-73—117).

A native of Guelph, Ontario, Peverley currently resides in his native Ontario with his wife Nathalie and their three children Isabelle, Frederik and Elena. In addition to his work in hockey, Peverley is also extremely active with the American Heart Association, and created PEVS Protects, aimed at raising funds for AED purchases and training in the community, as well as CPR training.

JOE MCDONNELL

DIRECTOR, AMATEUR SCOUTING

Joe McDonnell is in his 11th season as director of amateur scouting for the Stars. In his role, McDonnell oversees all facets of the team's amateur scouting operations, including running the Stars' efforts at the NHL Draft, while working closely with GM Jim Nill and his staff. Among players McDonnell has drafted in the first round include Miro Heiskanen, Jake Oettinger, Ty Dellandrea, Thomas Harley, Mavrik Bourque, Wyatt Johnston and Lian Bichsel.

AMERICAN AIRLINES CENTER

One of the finest multi-purpose venues in the world, American Airlines Center has served as the home of the Dallas Stars since 2001, playing host to over half a million hockey spectators and over 2 million spectators total annually.

Designed by world-renowned architect, David M. Schwarz and Dallas-based HKS Inc., American Airlines Center encompasses over 800,000 square feet and includes 105 luxury suites, 36 theater boxes, 25 Germania Insurance Club loge boxes, 17 Osadía Tequila Club loft boxes, two 50-person party boxes and room for 18,532 hockey fans. Its brick and glass façade, sweeping vistas of downtown Dallas, double-vaulted ceilings and welcoming signature arches give the Center a unique combination of a modern, yet classical elegant design that is perfectly suited for Dallas' "larger-than-life" Texas spirit.

No stranger to hosting major sporting events, the American Airlines Center, in conjunction with the Dallas Stars and National Hockey League, proudly hosted the 2007 NHL All-Star Game, the 2018 NHL Draft and last year's 2023 Stanley Cup Western Conference Finals. The arena has also served as home to the 2006 and 2011 NBA Finals as well as events during the 2010 NBA All-Star Weekend. In addition to the Dallas Stars' & Mavericks' accolades, the venue has hosted prestigious sporting events including two NCAA Women's Basketball Final Fours, multiple rounds of NCAA Men's Basketball Tournaments, Men's Big-12 Phillips 66 Basketball Tournaments, the U.S.A. Gymnastics Visa Championships and other events such as boxing and UFC matches.

Not solely a sports mecca, American Airlines Center has been consistently placed among the top-10 arenas in the world by Pollstar and Billboard, ranking as the 6th busiest arena in 2022. It has hosted major concerts and events such as Garth Brooks, The Rolling Stones, Bad Bunny, Beyoncé, Elton John, Eagles, Taylor Swift, Drake, Madonna, Justin Bieber and Bruce Springsteen, among others.

American Airlines Center is designed to keep ice in perfect condition, even when the Texas heat blazes outside. To maintain a constant temperature of 64-68 degrees, the building has a separate chiller system just for the slab, eight miles of one-inch pipe and 300 tons of refrigeration. In addition, a 4,200-ton air-conditioning system and a dehumidification system extract 500 gallons of moisture per hour during the season. The ice is put into place each September and takes 24 hours to build up to the 1-inch depth the players are accustomed to. The ice stays in the Center until the playoffs are complete and is covered up during the season with a special material called Polar Floor, a fiberglass product that keeps the ice cold and allows the air temperature above to rise without affecting the ice. The Zamboni is retrofitted with a Fast Ice system, the latest technology that allows the ice maintenance crew to cut the ice quickly to keep the ice smooth and fast.

In its 22nd year, American Airlines Center still pushes the envelope with technology. With the recent installation of cutting-edge LED video display upgrades, the Center continues to set the standard for hockey and basketball arenas. The upgraded size and resolution of the Center-Hung and the addition of its brand-new under-belly displays will improve the in-game experience for fans enjoying sports, concerts, and more. Matching the spectacular HD video experience is a state-of-the-art concert-quality sound system. The digital line array audio system delivers audio effects that the American Airlines Center visitor can both feel and hear. Using a patented retractable system with new ergonomically improved seats, the Center can convert from an ice rink to a basketball court or concert setting in less than two hours.

H-E-B CENTER AT CEDAR PARK

Northland Properties Corporation, the parent holding company of the Dallas Stars, purchased the Texas Stars, Dallas' development affiliate in the American Hockey League (AHL), in December 2014, announcing that the transfer of ownership from Hicks Cedar Park, LLC had been successful and was approved by the AHL Board of Governors. Texas Stars, L.P. now operates the city-owned H-E-B Center at Cedar Park, located in Cedar Park, Texas, under a long-term lease running through 2034.

"H-E-B Center at Cedar Park, and the land surrounding it, is located in one of the fastest growing regions of the United States," Northland President and Dallas Stars Owner Tom Gaglardi said. "The opportunity to grow the area's footprint as the top-flight entertainment region in Central Texas is immense, and we are looking forward to engaging with the city of Cedar Park to make that happen."

H-E-B Center at Cedar Park holds 6,778 seats for hockey, 7,200 for basketball and up to 8,700 for concerts and other events. The state-of-the-art arena has 24 suites (including four party suites) and 545 club seats with a private club lounge. The building hosts more than 130 events per year including sporting events, concerts, and family shows. H-E-B Center at Cedar Park is home to the 2014 AHL Calder Cup champion Texas Stars. The building also serves as the home court to the Austin Spurs, the G League affiliate of the 2014 NBA champion San Antonio Spurs. Since opening in September of 2009, H-E-B Center at Cedar Park has hosted world-class performers and events such as George Strait, Rascal Flatts, Alan Jackson, Tool, Jason Aldean, Def Leppard, Eric Church, Cirque du Soleil and Disney On Ice.

"Since coming to Cedar Park, the Texas Stars have been a wonderful partner of ours in bringing world-class sports and entertainment to the area," said former Cedar Park Mayor Matt Powell. "We look forward to working closely with Northland Properties and the Dallas Stars in this outstanding partnership as we continue to fulfill the vision of H-E-B Center at Cedar Park and the city."

In 14 seasons of existence, all of which have been as the affiliate of the Dallas Stars, the Texas Stars have proved to be one of the most successful franchises in the AHL. The team captured its first Calder Cup championship in 2014. The club has made three trips to the Calder Cup Final (2010, 2014, 2018), qualifying for the postseason nine times (2010, 2011, 2013, 2014, 2015, 2016, 2018, 2022, 2023), and has posted 40-win campaigns seven times. Many of the Dallas Stars' young core of NHL players have spent time skating for the Texas Stars, including Roope Hintz, Jason Robertson and Thomas Harley.

"Since Northland Properties purchased the Texas Stars, we've been thrilled with the tremendous opportunities H-E-B Center at Cedar Park has provided for our organization," said Texas Stars President Brad Alberts. "Owning and operating our own AHL affiliate and the venue in which it plays has been immensely beneficial in creating a seamless process to develop not only the future stars of the NHL, but our coaching and front office staffs, as well. The state-of-the-art facility provides an incredible experience for fans and teams alike and has been the driving force in bringing top-name performers to the heart of Texas."

COMERICA CENTER

The Comerica Center complex, which includes the practice facility of the Dallas Stars, the executive offices for the team's business and hockey operations, and a recently renovated 6,000-plus seat arena, is located in Frisco, Texas - one of the fastest growing cities in the United States.

In January of 2019, the Dallas Stars and Comerica Bank announced an expanded multi-year partnership making the financial services company the naming rights partner for Comerica Center.

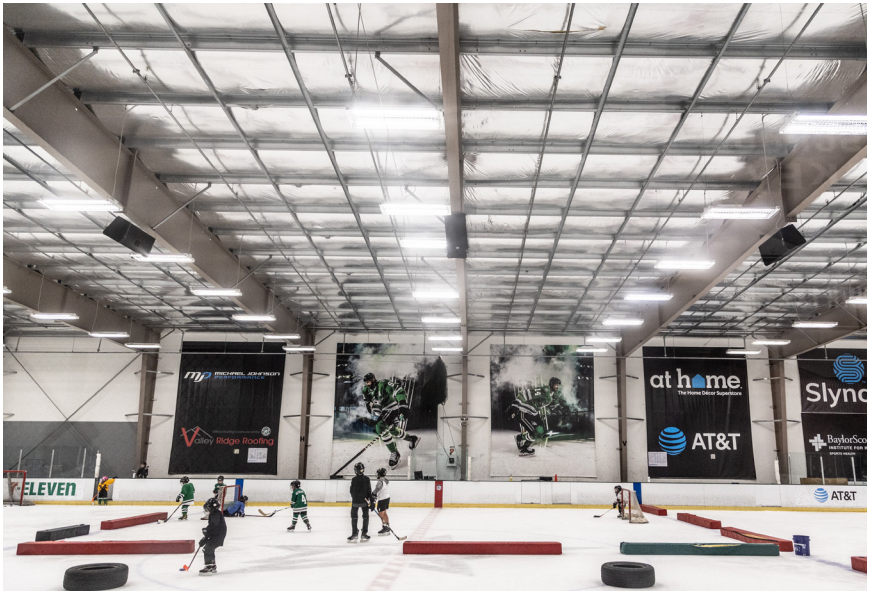
"We are excited to take our longtime partnership with the Dallas Stars Hockey Club to the next level as the naming rights partner for Comerica Center," James H. Weber, Comerica Executive Vice President and Chief Marketing Officer, said. "This enhanced sponsorship will allow Comerica to expand its presence and significantly increase our exposure within our headquarters market, while continuing to strengthen brand awareness and affinity and raising expectations of what a bank can be with the Stars, NHL fans and in the North Texas communities we serve."

Originally constructed in 2003, Comerica Center was initially built in partnership with the Dallas Stars, City of Frisco and Frisco ISD. The arena portion of the complex, formerly Dr Pepper Arena, is a multi-purpose sports and entertainment venue that is home to the Texas Legends - the NBA G League affiliate of the Dallas Mavericks - and the Indoor Football League's Frisco Fighters. The venue features amenities such as a state-of-the-art sound system, multiple HD video screens, 12 suites and a private lounge area.

Comerica Center also hosts concerts, family shows, corporate conferences and other sporting events. Recently, the facility has hosted Cirque De Soleil, BIG3 basketball, the Harlem Globetrotters, the Men's and Women's Lone Star Conference Basketball Championship, Frisco ISD graduations and numerous other events and conferences.

In its commitment to remain at the forefront of the entertainment industry, the arena underwent major upgrades in the summer of 2018 to artist spaces and backstage dressing rooms, as well as updated signage and concessions stands and storefronts for an enhanced audience experience. In addition to the upgrades, the arena introduced Ryan Sanders Sports Services (RS3) as its new concessionaire. Through RS3's vision, Comerica Center features state-of-the-art food and beverage services specifically tailored to highlight the unique atmospheres of each event.

"We couldn't be more proud to partner with Comerica Bank, a North Texas-based company who has supported the Stars for many years," Dallas Stars President and Chief Executive Officer Brad Alberts said. "The renovations made to our Frisco campus have ushered in a new era for the Stars and have reinforced our commitment to partnering with local businesses, and we are thrilled to be able to share this exciting new chapter with Comerica Bank."



CHILDREN'S HEALTH STARCENTERS

When the Stars moved from Minnesota to Texas, the club made exposing the Dallas/Fort Worth community to hockey an organizational priority. By constructing and operating several StarCenters throughout the Metroplex, the team has been able to have direct involvement with developing and growing the game of hockey in the greater Southwest region.

The Dallas Stars are one of the few teams in the NHL to design and build their own practice facility and arena, run in partnership with the City of Frisco. The team also sets the pace in the NHL among clubs that form partnerships with communities to create public skating facilities, a trend which is picking up momentum around the League. The facilities in Euless, Farmers Branch, Frisco, McKinney and Mansfield were all built in partnership with those respective cities, while there are also StarCenters in Plano, Richardson and Valley Ranch. The Stars and StarCenters are constantly looking to expand to more cities in and out of the DFW area.

The Stars have come a long way since moving to Dallas in 1993. When the team first set foot in Texas, there were five total sheets of ice in the area (two of which were at shopping malls and didn't host hockey). At that time, there were no high school or travel hockey teams, while only 200 local children were playing the sport and just 225 adults playing in recreational leagues.

As of the summer of 2022, there were more than 15,000 North Texas kids and nearly 9,000 adults skating and playing recreational hockey on over 20 sheets of ice in the area, including more than 65 high school hockey teams participating in the Stars-run AT&T Metroplex High School Hockey League.

With all the success the Stars have had growing the game and working with USA Hockey & TAHA (Texas Amateur Hockey Association), it's no surprise the Lone Star State is producing world-class hockey talent. Since 2005, 17 native Texans have been drafted into the NHL, including 11 who hail directly from the Metroplex (Dallas, Frisco, Flower Mound, Plano, Coppell, Arlington, Fairview and Lewisville). Thirteen of those players have been selected since 2008, making Texas a top-15 producer of American-born NHL draftees in that span. In the summer of 2013, Plano native Seth Jones was selected fourth overall in the NHL Draft by the Nashville Predators, the highest a native Texan has ever been selected. Blake Coleman, also a Plano native and two-time Stanley Cup Champion (first Texas born Stanley Cup Champion), was drafted in the third round (75th pick) of the 2011 NHL Draft, and even brought the Stanley Cup back to Children's Health StarCenter Plano to encourage youth players to chase their dreams.

The Stars continue to play a crucial role in the grassroots development of the sport in Texas through Rookies - a four-week, try-hockey-for-free program, and Fitness Stars - a physical education program dedicated to reinforcing the importance of a healthy lifestyle through clean eating and unique physical activities. Through these programs, kids will be introduced to the sport of hockey and invited to be part of the Dallas Stars' family for the rest of their lives.

DALLAS STARS FOUNDATION

The heart of the Dallas Stars Foundation is to invest in our communities by creating unique programs that nurture and enrich the lives of those in need. Since its inception in 1998, the Dallas Stars Foundation has donated more than $12 million to the North Texas community.

Over the years, the Foundation has positively impacted more than half a million children across North Texas through its programming and partnerships with numerous non-profit agencies that focus on a myriad of worthwhile causes, including youth hockey, medical and other basic needs for disadvantaged youth, educational and social issues, family support and crisis intervention.

The Dallas Stars Foundation positively impacts 90,000 children each year through three pillars of focus for their giving, programs and partnerships: youth hockey, community engagement and health and education. Last season, the foundation mobilized more than 500 volunteers that served at non-profits across North Texas for a combined 1,500 service hours each year. Over 300 non-profit organizations received in-kind donations including autographed merchandise, game tickets, and experiences to auction off to raise money to support their organizations. We donated more than 10,000 Dallas Stars tickets to local non-profit organizations and community partners.

The Dallas Stars Foundation named St. Philip's the beneficiary of their 2020 Winter Classic Legacy Project, committing $2 million over five years. Over the last four years, the organization and its volunteers have dedicated time and resources to numerous other events at St. Philip's including ball hockey clinics, player visits, volunteering weekly in the community pantry, community events, and implementing the Dallas Stars Foundation's educational programs in their school and after-school programming.

Through the continued work of the Foundation, the Dallas Stars organization pledges to support the Metroplex and the state of Texas to support community efforts through the great game of hockey.

STICK WITH READING

The Dallas Stars Foundation Stick with Reading program returned during the 2022-23 hockey season to highlight the importance of reading and literacy for elementary students across the metroplex. Students tracked their reading totals with Stick with Reading minute logs throughout the hockey season to be eligible for prizes. During the 2022-2023 season, Stick with Reading impacted a total of over 1,430 students and 79 teachers. Top readers received Stick with Reading attire and tickets to a Dallas Stars home game.

Teacher Appreciation Week – We partnered with Scholastic Book Fairs to bring free books to the students and teachers of Charles Rice Learning Center in Dallas ISD. Students learned the value of reading from Stars mascot Victor E. Green's Ready to Read school show. 440 students and 35 teachers were allowed to each select 2 books of their choice from the Scholastic Book Fair.

FITNESS STARS

Fitness Stars enters its ninth season after launching at the start of the 2013-14 season. Originally created as a physical education program aimed at fighting childhood obesity through hockey-based fitness challenges, Fitness Stars was offered at 28 DFW area schools in its inaugural season, reaching over 15,000 children.

Due to the program's overwhelming success, Fitness Stars has since expanded and is now offered in over 300 schools in the Dallas/Fort Worth Metroplex and is expected to impact over 206,000 children. Participating schools include Allen ISD, Carrollton-Farmers Branch ISD, Forney ISD, Fort Worth ISD, Frisco ISD, Garland ISD, Grand Prairie ISD, Irving ISD, Lewisville ISD, McKinney ISD, Wolfe City ISD, Wylie ISD, in addition to two individual charter schools.

The Fitness Stars Program is dedicated to reinforcing the importance of a healthy lifestyle through clean eating and unique physical activities. The program is designed to fit within the current curriculum of Physical Education teachers to help emphasize the programs and healthy options already in practice.

NEAL **BROTEN**

Neal Broten began his NHL career with a bang, being named the franchise's Rookie of the Year after setting team records that still stand for most goals, assists and points by a rookie (38-60=98) in the 1981-82 season. Sixteen seasons later, Broten retired as the club's all-time leader in games played (992), assists (593) and points (867) and is fourth in team annals in goals (274). The team's Most Valuable Player in 1984 and 1986, Broten participated in the NHL All-Star Game in 1983 and 1986. In that 1985-86 campaign, he became the first American-born player to record 100 points (105) and set the current club mark for most assists in a season with 76. Moving with the team to Texas in 1993, Broten scored the first-ever goal in Dallas Stars history on October 5, 1993 against Detroit. Broten's number seven was retired by the Stars on February 7, 1998 and he was inducted into the U.S. Hockey Hall of Fame in 2000.

BILL **GOLDSWORTHY**

Bill Goldsworthy began his NHL career with the Boston Bruins in 1964, appearing in just 33 regular-season games and earning 12 points (6-6=12) over parts of three seasons with the Bruins before he was selected by the Minnesota North Stars in the expansion draft in 1967. Goldsworthy would make a name for himself in the NHL with the North Stars through goal-scoring and the invention of his signature goal celebration, the Goldy Shuffle. Goldsworthy registered five 30+ goal seasons in his career, all coming while he was in Minnesota. The native of Waterloo, Ont. was the first player from a post-1967 expansion club to reach the 200- and 250-goal mark, while he eclipsed the 500-point plateau during the 1976-77 season to become the first player in Minnesota North Stars history to accomplish the feat.

Goldsworthy finished his 10-season career with the North Stars in 1977. Over that span, he registered 267 goals, 239 assists and 506 points (267-239=506) in 670 regular-season games. He currently ranks fifth all-time in goals (267), sixth in game-winning goals (34), 10th in points (506) and third in shots on goal (2,237). Goldsworthy was also named to an All-Star four times during his career (1970, 1972, 1974 and 1976). In recognition of his accomplishments, Goldsworthy's number eight was retired by the organization on February 15, 1992. Goldsworthy passed away on March 29, 1996 at the age of 51 due to complications from AIDS.

MIKE **MODANO**

Mike Modano, the greatest American-born hockey player in NHL history, played 21 seasons in the NHL and is the all-time franchise leader in nearly every category, including games played (1,459), goals (557), assists (802), points (1,359), short-handed goals (29), game-winning goals (92) and power play tallies (156).

A seven-time NHL All-Star, 2014 Hockey Hall of Fame class member, and United States Hockey Hall of Fame inductee, Modano is also the American-born record holder in goals (561) and points (1,374). He was also instrumental in helping the Stars capture the 1999 Stanley Cup championship. The Livonia, Mich., native skated for Team USA at the Olympic Games on three separate occasions, winning the silver medal at the 2002 Games in Salt Lake City. He also captured the gold medal at the 1996 World Cup of Hockey; and was captain of the United States squad at the 2005 World Cup. Modano was drafted first overall in 1988 by the Minnesota North Stars.

On March 8, 2014, the Dallas Stars honored Mike Modano, the greatest player to wear a Stars uniform, by retiring his iconic number 9.

BILL **MASTERTON**

Bill Masterton was a member of the Minnesota North Stars inaugural NHL team in 1967-68, recording 12 points (4-8=12) in 38 contests before suffering a fatal head injury in a game on Jan. 13, 1968.

A native of Winnipeg, Man., Masterton attended the University of Denver where he played for three seasons with the Pioneers in the Western Collegiate Hockey Association (WCHA), winning two National Championships in 1960 and 1961. The first player to sign with the new Minnesota club, Masterton made his NHL debut in the team's inaugural game on Oct. 11, 1967 against the St. Louis Blues, scoring the first goal in franchise history. In a game against the Oakland Seals on Jan. 13, 1968, Masterton suffered a severe head injury when his head hit the ice after being checked. The 29-year-old would eventually succumb to his injury as he passed away just two days later on Jan. 15.

In his memory, the Professional Hockey Writers' Association created the Bill Masterton Memorial Trophy in 1968, an award presented annually to the "National Hockey League player who best exemplifies the qualities of perseverance, sportsmanship and dedication to hockey." Masterton's number 19 has never been worn by another player in franchise history, and was retired by the organization on January 17, 1987.

Lehtinen helped the Stars capture the 1999 Stanley Cup, finishing tied for second on the team with 10 goals and ranked fifth with 13 points (10-3=13) while appearing in all 23 postseason games during the team's championship run.

On Nov. 24, 2017, the Dallas Stars recognized Lehtinen's illustrious career by retiring his number 26. Lehtinen is the fifth player in Stars franchise history to have his number retired, and the third since the club moved to Dallas before the 1993-94 season.

ON JANUARY 24, 2007, THE STAGE WAS SET FOR DALLAS TO HOST THE

55TH NHL ALL-STAR GAME

AT AMERICAN AIRLINES CENTER.

This marked the first time since the team moved to Dallas that it was hosting the All-Star festivities, and just the second time in franchise history as the club also hosted the 1972 All-Star Game in Minnesota. Defenseman Philippe Boucher and goaltender Marty Turco represented the Stars in the game as they both were voted onto the Western Conference roster through the fan voting process, while Boucher was named a starter in the contest, replacing Anaheim's Scott Niedermayer who could not play in the game due to injury.

Former Dallas bench boss Lindy Ruff also participated in the All-Star Game as he was named head coach of the Eastern Conference All-Stars. With a capacity crowd of 18,532 on hand, the West defeated the East in the contest by a final score of 12-9, with then-Buffalo Sabres forward Daniel Briere being named the MVP of the game.
